

Total Loan Coverage (TLC)

Two for one is always a win, especially when it comes to protecting your mortgage portfolio. For lenders and servicers who have both first and second mortgage liens in their servicing portfolios – especially for multiple properties – the overwhelming struggle of balancing the ever-changing mortgage industry is a reality. OSC's Total Loan Coverage (TLC) is a simplifying solution during complex times.

TLC is designed to give shareholders and investors protection against unforeseen losses through lender-placed insurance solutions

This competitive combo program is a one-stop-shop for entire portfolio protection, taking the stress and financial burden out of managing individual locations. This coverage simplifies the need for time- and resource-intensive management of tracking specific insurance requirements on increasingly complex loans.
